

When Beverly's husband, Ulf, was diagnosed with dementia, then sleep apnea, they were faced with a challenging future. Though first feeling helpless dealing with a loved one in crisis, through creativity and many tears Beverly shifted her perception of their changing lives from fear to love, thereby finding a measure of quietness and peace woven into a time of great sadness and loss. In Our Timeless Year Beverly expresses the love, often mingled with joy and laughter, that define the challenge of sharing this remarkable experience with Ulf. Join Ulf and Bev in their journey of living in the present moment.
