

Toddlers will giggle when the covers animal face wiggles! Its Little Puppy, who happily wiggles his ears when hes happy and chomping on a bone. Puppy is one of four sturdy Wiggle-Waggles board books. Each shows a cheerful animals face on its front cover, which is constructed of layered board sections. The faces present a 3D effect, but the feature that makes them really unique is the way that they wiggle. Toddlers will also like to touch the furry or downy patches on Bunnys, Kittens, Ducks and Puppys faces. The humorous stories told inside the books are in verse, and the illustrations are every bit as bright and colorful as the faces on the covers.
